## 2020 Vintage Meals

Fairweathers Caterers are gearing up for Harvest 2020 and we would be pleased to have the opportunity to present you with our sample menus and options available. We will be offering a plated/package meal with optional extras and we deliver daily - free of charge.

It is our mission to supply hearty meals that will meet all dietary requirements, that includes vegetarian, vegan, dairy, and gluten free. Meals delivered to wineries will be plated on crockery plates (we just ask that they are rinsed off and placed in the returns bin for daily collection) or alternatively we can package in disposable packaging (for ease of chilled meal storage). We can deliver hot meals to your harvest tractor/truck drivers in the field by arrangement, packaged in disposable containers (so no hassle to crockery getting broken).

We have a purpose-built commercial kitchen especially for occasions such as Vintage, with a dedicated team of chefs and kitchen staff that operate 24/7 over this time to ensure all catering requirements are exceeded with quality meals.

I have taken the liberty of attaching a sample meal plan that would be rotated over a 2-week cycle, and optional extras for your consideration. We are happy to discuss your needs and pricing, we can provide meal samples for your perusal. We are here to work with you and cater to your team over Harvest 2020.

We look forward to the opportunity to assist you. Please do not hesitate to contact us with any questions, we can meet with you at your convenience to discuss your requirements and pricing.

Kind Regards

Tineka Smith  
Catering Manager
